

# Volunteers Needed

**Are you a Creative Person?**

**Would you like to help a New Charity make a difference in the world?**

**Do you enjoy fundraising and networking?**

**Then, think about joining our local volunteer sect!**

*The Ending Cancer in Our Generation Foundation is currently looking for volunteers to help with our local fundraising. We are a registered 501(c)(3) charity and are able to write letters of recommendation for college based on the work you will complete with us. This volunteer opportunity will be what you make of it. There are no required amount of time, no required amount of funds to bring in, it is all up to you how much you are able to put forth. We are a community of artists and creative minds working to make a difference in the world of cancer survivors. We are striving to end the effects of cancer for one young adult survivor artist and to create an online art community for anyone affected by cancer. If this sounds like it matches your goals as well then take a card and contact us! You can also check us out online at:*
